BCE Profile

LOCATION

The college is located at an internationally known religious place – Shraavanabelagola. Sri Kshetra Shraavanabelagola has a history of more than 1200 years and is reputed as Dakshin Jain Kashi with a population of about 7000. The town is 150 km from Bangalore. Vindyagiri and Chandragiri, the two hills of rocks, depict the history of the rulers, achievers, religious saints, art, literature etc. The world's tallest monolithic statue of Bhagwan Bahubali, hailed as poetry in stone, stands on the Vindyagiri symbolizing the nonviolence and peace. His Holiness Jagadguru Karamayogi Swastishri Charukeerthi Bhattaraka Maha Swamiji is the Head of the Shraavanabelagola Digambar Jain Math (SDJM) and under his guidance the sleepy town has developed in to pilgrimage centre and an international tourist place. Shraavanabelagola has a pleasant and healthy climate throughout the year. It is a perfect serene place for education, far from the maddening crowd, busy and polluted urban environments.

Religion and Science are the base of evolution of human society. Religion is for growth of 'Inside' and Science is for 'Outside'.
